

CUMULATIVE INDEX 1998

Volume 36

January	IMAGING OF OBSTRUCTIVE PULMONARY DISEASE, pages 1-235
March	HEPATIC IMAGING, pages 237-462
May	INTERVENTIONAL PROCEDURES IN MUSCULOSKELETAL RADIOLOGY I, pages 463-607
July	INTERVENTIONAL PROCEDURES IN MUSCULOSKELETAL RADIOLOGY II, pages 609-759
September	HEAD AND NECK IMAGING, pages 761-1019
November	IMAGING IN OPHTHALMOLOGY I, pages 1021-1299

Note: Page numbers of article titles are in **boldface** type.

Abscesses, aspiration of, ultrasonography-guided, 598-599

blunt hepatic trauma and, CT of, 407-408

of infrahyoid neck, 786-787

orbital, 1176, 1198

in children, 1159-1160

subperiosteal, 1174-1176

peritonsillar, 971-972

pyogenic liver. See *Pyogenic liver abscesses*.

retropharyngeal, 765

Acetabular labrum, tears of. See *Hips*.

Actinic cell carcinoma, of salivary glands, 960

Actinomycosis, salivary gland involvement by, 953

Adenocarcinoma, sinonasal, 934-935

Adenocarcinoma not otherwise specified, of salivary glands, 960-961

Adenoid cystic carcinoma, of salivary glands, 960

sinonasal, 934

Adenomas, pleomorphic, of salivary glands, 957-959

oropharyngeal, 972

sinonasal, 931

Adhesive capsulitis, arthrography of, 611-612

Adult polycystic liver disease, imaging of, 449

Airway caliber, lung volume and, 219-224

Airway complications, of lung transplantation, for emphysema, 68-70

Airway edema, physiologic imaging of, 216-219

Airway infections, and chronic obstructive pulmonary disease, 4

Airway measurement reproducibility, physiologic imaging of, 215-216

Airway obstruction, in children, **175-187**

bronchial, 179-182

congenital cystic adenomatoid malformations, 179-180

congenital lobar emphysema, 180

endobronchial lesions, 180-182

extrinsic compression, 182

bronchiolar, 182-185

asthma, 183-184

bronchiectasis, 184

bronchiolitis, 182-183

bronchiolitis obliterans, 184-185

bronchiolitis obliterans with organizing

pneumonia, 185-186

tracheal, 175-179

croup, 175-176

mass lesions, 176-177

stenosis, 178-179

tracheomalacia, 177

Airway response heterogeneity, physiologic imaging of, 214-215

Allergic bronchopulmonary aspergillosis, 134-140

atelectasis and parenchymal opacities in, 137

bronchiectasis in, 136-137

in cystic fibrosis, 137-140

mucoid impaction in, 137

Allergic bronchopulmonary mycosis, etiology of, 140

Allergic fungal sinusitis, evaluation of, 927-928

Amebic liver abscesses, clinical features of, 382-384

Ameloblastomas, evaluation of, 859, 861

AMI-25, in MR imaging, of hepatic disease, 288-291

AMI-227, in MR imaging, of hepatic disease, 291-292

Amyloidosis, diffuse hepatic disease due to, 372-373

Anesthesia, in musculoskeletal biopsies, 570

Anesthetic hip arthrography, technique for, 687-688

Aneurysmal bone cysts, evaluation of, 864-865

orbital, in children, 1159

percutaneous injection of, 582

Aneurysms, of infrahyoid neck, 791

of petrous apex, 803

of splenic artery, and hepatic transplantation, 431

Angiofibromas, juvenile oropharyngeal, 973

juvenile sinonasal, 1209

Angiography, magnetic resonance, of hepatic disease, 279

of infrahyoid neck, 782

Angiography-assisted computed tomography, of hepatic disease, 253

- Angiomas, vertebral, percutaneous vertebroplasty for, 535, 538, 540
- Angiomatosis, von Hippel-Lindau retinal, simulating retinoblastomas, 1113
- Angiomyolipomas, imaging of, 327-328
- Angiosarcomas, imaging of, 343-344
- in children, 416
- Angle opening, of eye, ultrasound biomicroscopy of, 1051-1052
- Angle region, of eye, ultrasound biomicroscopy of, 1051
- Ankles, MR arthrography of, 729-738
- anatomy and pathology in, 730-734
- complications of, 734-735
- indications for, 730
- technique for, 730
- tenography of, 739-756
- anatomy in, 739-740
- case report of, 753-754
- contraindications to, 753
- for posterior tibial vs. flexor digitorum longus tendons, 748
- indications for, 748-751, 753
- technique for, 740-748
- Annulus fibrosus, anatomy of, and discography, 464
- Anophthalmic socket, 1133-1138
- congenital, 1133-1134
- craniofacial disease with, 1138
- orbital implant migration in, 1135, 1138
- surgical, 1134-1135
- tumor evaluation in, 1138
- vascularization concerns in, 1135
- Anterior chamber, of eye, ultrasound biomicroscopy of, 1051
- α_1 -Antitrypsin deficiency, and chronic obstructive pulmonary disease, 4
- Apertures, orbital, high-resolution MR imaging of, 1022-1023
- Apicitis, of petrous apex, 806
- Appendage cysts, orbital, in children, 1156-1157
- Arachnoid cysts, of petrous apex, 803, 805
- Arterial portography, of hepatic disease, 253-255
- metastatic disease, 353, 358, 453
- protocol for, 261
- Arteries, orbital, high-resolution MR imaging of, 1030-1031
- Arteriography, computed tomography, of hepatic metastatic disease, 353
- Arteriovenous fistulas, and pulsatile tinnitus, 837-838
- Arthrocentesis, ultrasonography-guided, 600-601
- Arthrography, distention, for frozen shoulder syndrome, 589-590
- technique for, 589-590
- of ankles. *See* Ankles.
- of elbows. *See* Elbows.
- of hips. *See* Hips.
- of knees. *See* Knees.
- of shoulders. *See* Shoulders.
- of wrists. *See* Wrists.
- Arthroplasty, hip, prosthesis loosening after, 680-686
- Arthroscopy, of hips. *See* Hips.
- of wrists, vs. arthrography, 670
- Articular cartilage, of knees, arthrography of. *See* Knees.
- Aspergillus* cellulitis, rhinosinusitis and, 1178
- Aspergillus* infections, in obstructed sinus, 1205
- of sphenoid sinus, 810-811
- Aspiration, of prosthetic hip joint, 686-687
- Asthma, 129-134
- and chronic obstructive pulmonary disease, 5
- complications of, 140
- definition of, 129
- differential diagnosis of, 133-134
- high-resolution CT of, 202-203
- in children, 183-184
- quantification of changes due to, 133
- sinus disease and, 132
- uncomplicated, radiologic findings in, 129-132
- Astrocytomas, retinal, simulating retinoblastomas, 1110
- Atelectasis, after lung volume reduction surgery, for emphysema, 82
- in allergic bronchopulmonary aspergillosis, 137
- relaxation, definition of, 30
- Atelectatic sinus, clinical features of, 1207
- Autoimmune diseases, of salivary glands, 950-952
- Autonomic nerves, orbital, high-resolution MR imaging of, 1033, 1037
- Bacterial cellulitis, rhinosinusitis and. *See* Rhinosinusitis.
- Bacterial infections, after lung transplantation, for emphysema, 67
- of salivary glands, 949-950
- Ballottement test, for wrist abnormalities, 656
- Bell's palsy, and facial paralysis, 844
- Benign liver lesions, 319-331, 448-453
- and hepatic calcification, 392-393
- angiomyolipomas, 327-328
- biliary cystadenomas, 324-325
- cysts, 323-324, 448-449
- focal nodular hyperplasia, 319-321, 450
- hemangiomas, 325-327, 449
- hepatocellular adenomas, 321-322, 449-450
- nodular regenerative hyperplasia, 322-323
- Betamethasone, in facet joint injections, 500, 502
- Bhalla scoring system, for cystic fibrosis, 154
- Biceps tendon instability, MR arthrography of, 629, 631
- Bile peritonitis, blunt hepatic trauma and, CT of, 408-409
- Biliary cirrhosis, in cystic fibrosis, 157
- Biliary cystadenocarcinoma, imaging of, 342-343
- Biliary cystadenomas, imaging of, 324-325
- Biloma, blunt hepatic trauma and, CT of, 408-409
- Biomechanics, ultrasound. *See* Ultrasound biomicroscopy.
- Biopsies, musculoskeletal. *See* Musculoskeletal biopsies.
- needle, of salivary glands, 949
- of chronic obstructive pulmonary disease, 11
- of soft tissue masses, ultrasonography-guided, 601
- transbronchial, after lung transplantation, for emphysema, 67
- Birmingham scoring system, for cystic fibrosis, 154
- Black prosthesis, for hearing deficit, 849
- Blunt hepatic trauma, classification of, 400
- complications of, 407-409
- biloma and bile peritonitis, 408-409
- delayed hemorrhage, 408
- hemobilia, 409
- infections, 407-408
- CT of, 399-411
- active hemorrhage, 404-405
- gallbladder injuries, 406-407
- hematomas, 402-403
- lacerations, 403
- periportal low density, 405-406
- technique for, 399-400
- vascular injuries, 403-404
- mechanisms of injury in, 401
- sites of, 401
- Bone cysts, injection of. *See* Intraosseous cyst injection.
- Bone marrow, injection of, for unicameral bone cysts, 582

- Bone marrow transplantation, veno-occlusive disease after, ultrasonography of, 306
- Bones, invasion of, by head and neck lesions, 1002
- orbital, high-resolution MR imaging of, 1022-1023
- Brachial plexopathy, in infrahyoid neck, 782, 795
- Brain stem, lesions of, and facial nerve palsy, 842
- Branchial apparatus, congenital anomalies of, 783, 785
- Brasfield scoring system, for cystic fibrosis, 154
- Bronchi, in chronic obstructive pulmonary disease, 2-6
- Bronchial dehiscence, after lung transplantation, for emphysema, 70
- Bronchial obstruction, in children. *See Airway obstruction.*
- Bronchial stenosis, after lung transplantation, for emphysema, 70
- Bronchial wall thickening, in asthma, 131-132
- Bronchiectasis, 107-128**
- and chronic obstructive pulmonary disease, 5
- clinical features of, 107-108
- epidemiology of, 108-109
- functional consequences of, 109-110
- high-resolution CT of, 112-119, 200-201
- accuracy of, 121-123
- future developments in, 125
- in children, 184
- morphologic-functional correlations in, 124-125
- pitfalls in interpretation of, 119, 121
- scan patterns in, as indicator of cause, 123-124
- scan signs in, 114-119
- technique for, 112-114
- in allergic bronchopulmonary aspergillosis, 136-137
- in asthma, 130-131
- in cystic fibrosis, 148-149
- pathology of, 109
- plain films of, 110-112
- Bronchiolar obstruction, in children. *See Airway obstruction.*
- Bronchiolitis, 163-173**
- and chronic obstructive pulmonary disease, 5-6
- cellular, 164-165
- constrictive, 167-169
- vs. asthma, 134
- diffuse panbronchiolitis, 165, 167
- high-resolution CT of, 201
- in children, 182-183
- pathogenesis and pathophysiology of, 31
- respiratory, 167
- Bronchiolitis obliterans, after lung transplantation, for emphysema, 70-71
- high-resolution CT of, 167-169, 201
- in children, 184-185
- with intraluminal polyps, high-resolution CT of, 169, 172
- Bronchiolitis obliterans with organizing pneumonia, after lung transplantation, for emphysema, 71
- in children, 185-186
- Bronchitis, chronic. *See Chronic bronchitis.*
- Bronchocentric granulomatosis, in allergic bronchopulmonary aspergillosis, 140
- Bronchography, of chronic bronchitis, 34
- Bronchoscopy, after lung transplantation, for emphysema, 65
- in chronic obstructive pulmonary disease, 11
- Buccal space, in suprahyoid neck, 775-776
- Budd-Chiari syndrome, diffuse hepatic disease due to, 368-369
- Bullae, chronic obstructive pulmonary disease and, 49
- CT of, 45
- definition of, 30
- pathogenesis and pathophysiology of, 31
- Bullectomy, for emphysema, 57-58
- Bupivacaine hydrochloride, in facet joint injections, 502-503
- Bursitis, fluid aspiration in, ultrasonography-guided, 601
- Bursography, iliopsoas, technique for, 688-689
- subacromial, technique for, 612-613
- Calcifications, of salivary glands, 946
- Calcified tendinitis, in shoulders. *See Painful shoulders.*
- management of, 601-602
- Candidiasis, hepatic, imaging of, 385
- Capsular abnormalities, of elbows, arthrography of, 646-648
- Carcinoma, nasopharyngeal, 973-975**
- of salivary glands, actinic cell, 960
- adenoid cystic, 960
- mucopidermoid, 959-960
- salivary duct, 960
- squamous cell, 960-961
- oropharyngeal, squamous cell, 975-980
- paranasal, 933
- sinonasal, 931-933
- adenoid cystic, 934
- nonsquamous, 934
- squamous cell, 931
- undifferentiated, 933-934
- Carinal obstruction, vs. asthma, 133-134
- Carotid aneurysms, of petrous apex, 803
- Carotid artery, tortuous, 791
- Carotid body tumors, of infrahyoid neck, 787-789
- Carotid space, in suprahyoid neck, 769-771
- Carotid-cavernous sinus fistulas, color Doppler imaging of, 1063
- Cartilage invasion, by head and neck lesions, 1002
- Cat-scratch disease, and hepatic disease, in children, 421
- salivary gland involvement by, 953
- Cavernous sinus, masses in, 811-813, 815
- thrombosis of, imaging of, 1176-1178
- rhinosinusitis and, 1198
- Celiac artery stenosis, and hepatic transplantation, 430-431
- Cellular bronchiolitis, high-resolution CT of, 164-165
- Cellulitis, of infrahyoid neck, 786-787
- rhinosinusitis and. *See Rhinosinusitis.*
- Cementifying fibromas, orbital involvement by, 1243
- Cementoblastomas, of jaws, 876
- Cemento-osseous dysplasia, of jaws, 872-873
- Cephaloceles, orbital, in children, 1161-1162
- Cerebellopontine angle, lesions of, and facial nerve palsy, 842
- Chemical irritants, leaking from intervertebral disc, and discogenic pain, 471
- Chemotherapy, for hepatic metastatic disease, 454, 456
- Cherubism, orbital involvement by, 1245-1246
- Chocolate cysts, orbital, in children, 1155-1156
- Cholangiocarcinoma, intrahepatic, and hepatic calcification, 395
- imaging of, 340-342, 451
- Choledochal cysts, and neonatal jaundice, 423-424
- Cholesteatomas, acquired, 822, 824
- of petrous apex, 803
- Cholesterol cysts, of petrous apex, 803
- Cholesterol granulomas, evaluation of, 822
- orbital subperiosteal, 1196-1197
- Chondral fractures, arthrography of, 643-644
- Chondroblastomas, orbital involvement by, 1253-1254
- Chondroid lesions, of head and neck, CT of, 985

- Chondromalacia patella, imaging of, 715-718
- Chondromas, of jaws, 879
orbital involvement by, 1252-1253
- Chondrosarcomas, of center skull base, 807-809
of head and neck, 985
of larynx and hypopharynx, 908-909
orbital involvement by, 1254-1258
- Chordomas, of center skull base, 807
- Chorioretinal colobomas, simulating retinoblastomas, 1111
- Choristomas, orbital involvement by, in children, 1150-1152
three-dimensional imaging of, 1269
- Choroidal hemangiomas, 1086, 1088-1092
clinical features of, 1088-1089
color Doppler imaging of, 1062-1063
diagnosis of, 1089
management of, 1089
simulating retinoblastomas, 1113
vs. malignant choroidal melanoma, 1092
- Choroidal hemorrhage, clinical features of, 1093
- Choroidal lymphoma, clinical features of, 1093-1094
- Choroidal melanoma, color Doppler imaging of, 1062
malignant, vs. choroidal hemangiomas, 1092
ultrasonography of, 1077
- Choroidal nevi, clinical features of, 1092-1093
- Choroidal osteomas, simulating retinoblastomas, 1109-1110
- Chronic bronchitis, bronchography of, 34
CT of, 37
definition of, 29
diagnosis of, 3
exacerbation of, chronic obstructive pulmonary disease and, 47
pathogenesis and pathophysiology of, 30-31
plain films of, 32-34
- Chronic obstructive pulmonary disease, airway obstruction. *See Airway obstruction.*
allergic bronchopulmonary aspergillosis. *See Allergic bronchopulmonary aspergillosis.*
asthma. *See Asthma.*
bronchiectasis. *See Bronchiectasis.*
clinician's perspective on, 1-13
bronchi, 2-6
diffuse disease, 3-4
localized disease, 2-3
diagnostic approach, 6-11
differential diagnosis, 1
larynx and trachea, 2
management, 11-12
nose and mouth, 1
pathogenesis, 4-6
complications of, 47-53
acute exacerbation of chronic bronchitis, 47
bullae, 49
pneumomediastinum, 49
pneumonia, 49
pneumothorax, 48
pulmonary arterial hypertension and cor pulmonale, 49, 51, 53
cystic fibrosis. *See Cystic fibrosis.*
definitions of, 29-30
emphysema. *See Emphysema.*
imaging of, 29-55
chronic bronchitis, 32-34, 37
emphysema, 37-40, 43, 45, 47
high-resolution CT in, 200
pathogenesis and pathophysiology of, 30-31
bullae, 31
chronic bronchitis, 30-31
emphysema, 31
physiologic imaging of, 211-230
clinical applications of, 227-228
for airway edema, 216-219
for airway measurement reproducibility, 215-216
for airway response heterogeneity, 214-215
for effects of lung volume on airway caliber, 219-224
high-resolution CT in, 211-213
MR imaging in, 213-214
three-dimensional reconstruction in, 224-227
small airway diseases. *See Bronchiolitis.*
upper airways in. *See Upper airways.*
- Ciliary body, ultrasound biomicroscopy of, 1052
- Ciliary body tumors, ultrasound biomicroscopy of, 1055
- Cine computed tomography, of tracheomalacia, in children, 177
- Circumscribed choroidal hemangiomas, management of, 1088, 1089, 1092
- Cirrhosis, biliary, in cystic fibrosis, 157
diffuse hepatic disease due to, 365-366
- Cirrhotic liver, imaging of, 339
- Clefts, facial, three-dimensional imaging of, 1263
- Coats' disease, 1119-1131
clinical features of, 1119-1120
CT of, 1122-1125
differential diagnosis of, 1120, 1122
histopathology of, 1120
management of, 1120
MR imaging of, 1125
natural course of, 1120

- Tracheobronchomegaly, with chronic obstructive pulmonary disease, 101-104
- Tracheomalacia, in children, 177
- Transbronchial biopsies, after lung transplantation, for emphysema, 67
- Transglottic carcinoma, of larynx and hypopharynx, 897-898
- Transjugular intrahepatic portosystemic shunt, ultrasonography of, 299-302
- Transplantation, lung, for emphysema. *See* *Emphysema*.
- Trauma, blunt hepatic. *See* *Blunt hepatic trauma*.
 brachial plexopathy due to, 795
 laryngeal, 916-917
- Traumatic bone cysts, evaluation of, 864
- Triangular fibrocartilage complex, of wrist, arthrography of, 654-655, 664-665
- Tuberculosis, salivary gland involvement by, 953
- Tumors, malignant spinal, percutaneous vertebroplasty for, 541-543
 of infrahyoid neck. *See* *Infrahyoid neck*.
 of salivary glands, 955-963
 ophthalmologic, color Doppler imaging of, 1062
 ultrasound biomicroscopy of, 1054-1055
 orbital, color Doppler imaging of, 1063
 sinonasal. *See* *Paraorbital disease*.
- Ulnar grind test, for wrist abnormalities, 656
- Ultrafast computed tomography, of tracheomalacia, in children, 177
- Ultrasonography, of hepatic disease, 238-240, 299-307
 benign lesions. *See* *Benign liver lesions*.
 in children. *See* *Pediatric hepatic disease*.
 malignant neoplasms. *See* *Malignant hepatic neoplasms*.
 metastatic disease, 306, 351-352, 355-356
 pyogenic liver abscesses. *See* *Pyogenic liver abscesses*.
 recent advances in, 241-242
 of infrahyoid neck, 782
 of salivary glands, 948-949
 of transjugular intrahepatic portosystemic shunt, 299-302
 of veno-occlusive disease, after bone marrow transplantation, 306
 postoperative, in hepatic transplantation, 304-305, 435
 preoperative, in hepatic transplantation, 302-304, 432
 to guide interventional musculoskeletal procedures. *See* *Interventional musculoskeletal imaging*.
- Ultrasound biomicroscopy, in ophthalmology, 1047-1058
 clinical applications of, 1049
 in anterior segment tumors, 1054
 in anterior synechia, 1053-1054
 in ciliary body tumors, 1055
 in cysts, 1055
 in filtering surgery, 1054
 in glaucoma, 1053
 in iris melanoma, 1054-1055
 in iris nevi, 1054
 in plateau iris syndrome, 1053

- in pupil block, 1053
 - measuring angle opening, 1051-1052
 - measuring angle region, 1051
 - measuring anterior chamber, 1051
 - measuring ciliary body, 1052
 - measuring cornea, 1051
 - measuring iris, 1052
 - measuring ocular structures, 1050
 - measuring posterior chamber, 1052-1053
 - resolution in, 1047-1048
 - scanner design in, 1048
 - technique for, 1049-1050
 - transducers in, 1048-1049
- Umbilical venous catheters, liver masses due to, in children, 421
- Undifferentiated embryonal sarcoma, in children, 415-416
- Unicameral bone cysts, percutaneous injection of, 581-582
- Upper airways, in chronic obstructive pulmonary disease, 1, 91-105
 - obstructive sleep apnea and, 92-95
 - pharyngeal anatomy and physiology in, 91-92
 - tracheal anatomy and physiology in, 95-97
 - tracheal deformities in, 97-104
 - saber-sheath trachea, 38, 97-101
 - tracheobronchomegaly, 101-104
- Uveal melanoma, malignant. *See Malignant uveal melanoma.*
- Uveal metastases, clinical features of, 1093
- Uvulopalatopharyngoplasty, for obstructive sleep apnea, 94-95
- Vanishing lung syndrome, bullae in, 49
- Varices, orbital, in children, 1155-1156
- Vascular complications, of hepatic transplantation, 435
 - of lung transplantation, for emphysema, 70
- Vascular diseases, retinal, color Doppler imaging of, 1063, 1068
- Vascular injuries, hepatic, CT of, 403-404
- Vascular invasion, by head and neck lesions, 1011
- Vascular lesions, acquired, and pulsatile tinnitus, 837
 - of infrahyoid neck, 791
 - orbital, color Doppler imaging of, 1063
 - cystic, in children, 1155-1156
- Veins, orbital, high-resolution MR imaging of, 1031, 1033
- Veno-occlusive disease, after bone marrow transplantation, ultrasonography of, 306
- Venous catheters, umbilical, liver masses due to, in children, 421
- Vertebral angiomas, percutaneous vertebroplasty for, 535, 538, 540
- Vertebral body spondylodiscitis, of infrahyoid neck, 787
- Vertebral collapse syndrome, osteoporotic, percutaneous vertebroplasty for, 540-541
- Vertebroplasty, percutaneous. *See Percutaneous vertebroplasty.*
- Vertigo, postoperative, 847
- Vessels, periorbital. *See Periorbital vessels.*
- Vestibular aqueduct syndrome, and hearing deficit, 826
- Viral infections, after lung transplantation, for emphysema, 67-68
 - of salivary glands, 949-950
- Visceral space, in suprahyoid neck, 762
- Vitreous opacities, simulating retinoblastomas, 1113
- Vocal cord dysfunction, vs. asthma, 133
- Vocal cord paralysis, evaluation of, 916
- Voice-sparing laryngectomy, for laryngeal carcinoma, 910-913
- von Hippel-Lindau retinal angiomas, simulating retinoblastomas, 1113
- Warthin's tumor, of salivary glands, 959
- Watson's maneuver, for wrist abnormalities, 655-656
- Wilson's disease, diffuse hepatic disease due to, 368
- Wrists, arthrography of, 651-672
 - anatomy in, 652-655
 - extrinsic ligaments, 652
 - interosseous ligaments, 652, 654
 - triangular fibrocartilage complex, 654-655
 - choice of injections in, 669
 - for alterations of intrinsic ligaments, 664-667
 - for pathology vs. age-related changes, 667-668
 - future of, 670-671
 - single vs. bilateral, 669-670
 - technique for, 655-664
 - distal radioulnar joint injection, 663-664
 - equipment and materials, 656-657
 - injection principles, 657
 - midcarpal injection, 659
 - provocative tests, 655-656
 - radiocarpal injection, 659, 663
 - vs. arthroscopy, 670
- Xanthogranuloma, juvenile. *See Histiocytic disorders.*
- X-linked retinoschisis, simulating retinoblastomas, 1113-1116
